28th November, 1977.

Dear Hugh,

Last Thursday was absolutely splendid - not only was it a complete success as a dummy run for commentary auditions etc., but I thoroughly enjoyed myself into the bargain. Even with only two competing boats, the day proved conclusively how exciting match racing can be.

I tried to thank as many people as possible before I skulked off to my pit again, but there must have been many who were involved but not present. Do please thank everyone concerned on my behalf - if things continue to go as well as they have started, I am sure we'll be out there next April with the cameras.

I cannot get down to meet Jeremy this week, but I have Monday, Wednesday and Friday (when you are coming to us) free next week. Perhaps you could let me know which day would be the most suitable.

Again, many thanks for the superb organisation,

Yours,

Malcolm Adams.
