

# And now . . . Building Panels

Another innovation from the Rogers development team – building panels produced by their injection moulding system

*Following the success of CHAOS in 1979/80 we are delighted that Jeremy Rogers has asked us to make the sails for the production Contessa 32s and 28s*

*MOONGIRL wins the Contessa Class in 1981  
Round-the-Island Race with a new  
mainsail from Lucas*
