Some Essential Reminders & Updates

- The Vendée Globe S.H. Ocean Race Thanks, Team RLymYC.
- Only 365 days to go...

Graham Clarke, our Club Historian will be producing a piece each month, drawing from our archives and focussing on our centenary. The first of these pieces is below. If you have any suggestions for the centenary it's not too late, please send them to me; I'll be happy to hear them. May I take this opportunity to wish you all a Happy New Year, and a healthy and happy 2021.

Well maybe not quite 365 days now, but we are counting down to our Centenary in 2022. We intend to launch the celebrations properly on New Year's Eve: 31st December 2021, but throughout this year we will be looking backwards at our past and forwards to our future. We aim to make the Centenary year "all things to all

They both will be taken down on 4th and 5th Jan. We have it covered so please don't just turn up to assist, but thank you anyway. (Against the Tier 4 rules)

vignette.

Currently this is unlikely to happen in any form soon. This has been postponed until something drastic

An important message from the EA

Guest was the Lord Lieutenant of Hampshire, Mary Fagan. Seafood was served on the forecourt during the day; the Fleet Review took place at the mouth of the River, and in the evening, there was a party in the Clubhouse, with some 700 people present. Michael Webb and his team cooked half the meals, and The Club hosted the Commodore's Cup, and Member Don Woods arranged for his historic jet formation team to perform, as the curtain raiser. During the event lan had to tell the King of Norway's protection officer that his royal charge was not on the large yacht moored in the Solent but on the little one, in the It was in relating this episode that Ian had to explain to his then eight-year-old son, that the gentleman Ian had been welcoming to the Club was indeed the King of Norway, to which the response was, "Do you Yes, it was a special occasion, in a special year.

Commemorative Day in her diary, so the Principal

The Fiftieth Anniversary of the Club, in 1972, was marked by the production of a smart, glossy booklet, that can be found in the History section of the Club's website. It contained accounts and reminiscences of Members, whose personal experiences and recollections went back many years before that, to the very early days of the Club. Twenty five years on, the 75th was celebrated, amongst other things, with a grand Fleet Review, of yachts, dressed overall, anchored in rows in the Solent. The sailing instructions for that occasion are also posted in the History Section. That latter occasion was early in lan Gawn's time at the Club and he recalled the following

Felicitations and congratulations to Sanders Sails (our local Sail maker in Lymington) who have won first prize in the Outstanding Achievement Category of the "British Yachting Awards 2020" During the Covid crisis, they have been providing free PPE for anyone who needs it. They started this initiative in March '20 and are still giving away free PPE now, including "Cuddle Curtains" for care homes.

coming we will have been in business for 45 years now" Sapphires all round then.

Peter Sanders would like to thank all Members who voted for them and heard about it via this Club Newsletter. He said "We are very proud to receive this award, but we are only one of many local businesses and volunteers who have been on this journey with us. We are very grateful for all the donations we have received that have contributed to the cost of the materials" Peter noted "This January

The View from the Editor's Chair It is now 2021, so much has changed and not all for the better, but to be more positive, there is a lot of potential for great improvement. We are in Tier 4 here in Lymington, which is keeping us all indoors. As you will have read, many Club events have been postponed, cancelled or just plain "stopped", and instead of using the Club as the centre of one's social and sailing circles, we are mostly sitting at home and Zooming. Very sad; but unfortunately, necessary and responsible behaviour. As of tomorrow, all traces of Christmas jollity will be removed from the building, so allowing the natural inherent "bonhomie" to become more apparent. This has been enhanced by the extra features that Mosimann's have added to the bar space, so as to be ready for when the restrictions are removed and we can all go back to sitting by the windows and admiring the river view in a relaxed and comforting environment.

form an opinion, then share it. Check above.

the Editor questions about the Newsletter should you so wish.
