- Saturday - Reception & Bar Open, Junior Training
- Sunday - Reception & Bar Open

Flag Officer Updates

Rear Commodore House - Peter Blick

Welcome back to all those who have enjoyed our Mediterranean summer on the terrace over the last 3 weeks since we reopened our bar and food service.

Sailing is back and more of you are enjoying Monday evenings with 30 this week and Thursday keelboating, local cruises to Bembridge, juniors out several nights a week and many just enjoying being back on the water.

From the beginning of August we will be extending our opening hours to include Monday with food available at lunchtimes Thursday to Monday and we will be offering an evening meal on Friday when our Chef Anthony will be cooking on special themes such as Italian Spanish and Curry nights. These will require booking to avoid disappointment. Soon we will be also re introducing a roast on Sunday and will close club mid-afternoon.

Vice-Commodore - John Tudor

"Lymington Town SC Members - use of the Club bar etc.

We have been talking with our friends at the LTSC and unsurprisingly find that they are having the same difficulties as we are in terms of keeping a full service running for their members at this difficult time. Accordingly, the Flag Officers have agreed that LTSC members can, on presentation of their LTSC membership card, temporarily use our bar and restaurant facilities whilst our Clubs are unable to operate normally. The Flag Officers will monitor how this works and adjust the arrangement when necessary.

We are confident our members will welcome this initiative, and know that we will make visitors from the LTSC welcome.
